

The Overland-Tandberg RDX QuikStor is an established standard, with attributes beyond other simple data storage products. RDX is the trusted removable disk technology. The tough, armoured design provides a reliable and valuable data repository. On the go capability makes it ideal for off-site disconnected storage for disaster recovery. Your Lifeline for all your business data.

Product	RDX QuikStor	RDX QuadPAK	RDX QuikStation 4	RDX QuikStation 8
Form factor	External / Internal 3.5" / 5.25"	1.5U rackmount	1U rackmount or desktop	2U rackmount
Best fit	Small Business and SOHO environments with no dedicated IT-personal which require easy data protection and off-site storage	Small business environments with servers and IT-equipment installed in a rack	Small and medium businesses with physical and virtual environments and the need for off-site storage and data transportation	Small and medium businesses with multiple servers or clients, virtual environments and off-site storage
Buy this product if you need...	...an affordable, reliable and bullet proof device for daily backup, archiving or data exchange External: for Desktop applications with your PC, Laptop, Server or NAS Internal: for Server and PC integration	...a 19" rackmount solution for 1- 4 RDX QuikStor systems	... network attached removable storage up to 20TB, or want to overcome the capacity limit of a single RDX media	...to replace obsolete tape autoloaders or need centralized RDX storage with a total capacity of 40TB
Connectivity	USB3+ or SATA III / USB 3.0	USB 3.0 and USB3+ drive dependent	iSCSI	
Performance	up to 330MB/s, depending on media and interface type	Dependent on number of installed drives and media used	Up to 400 MB/s**	Up to 1000 MB/s**
Operational mode	Removable Disk Mode and Fixed Disk Mode for integration with Windows® Backup (Fixed Disk Mode USB interface only)		4 RDX removable and fixed disk drives 1 Logical volume across all RDX drives* 1 Protected logical volume across all RDX drives* Emulated disk autoloader	8 RDX removable and fixed disk drives 1 Protected logical volume across all 8 RDX drives* 2 Logical volumes across 4 RDX drives* 2 Protected logical volumes across 4 RDX drives* Emulated disk autoloader, tape automation modes and hybrid mode
PowerEncrypt Hardware encryption	SATA III interface only, FIPS 140-2 validated			
Standard warranty	3 yr. OverlandCare Bronze Level			

Product	HDD Media	WORM Media (HDD, KPMG validated)
Form factor	Disk based removable media with rugged design to withstand drops, vibrations, electrostatic discharge and rough environments	
Buy this product if you need...	HDD:...to perform backup, restore, long term archiving tasks or move and exchange business data WORM...to archive data to meet regulatory and compliance requirements or need ransomware protection with RDX RansomBlock	
Capacity	500GB, 1TB, 2TB, 3TB, 4TB, 5TB	1TB, 2TB, 4TB
Load/Unload (min)	5,000 insertion/ removal cycles	
Supported file systems	NTFS, FAT32, exFAT, ex2, ex3, ex4 and Mac OS Extended (HFS Plus)	
Media archive life	10 years	
Compatibility	Forward/backward compatibility to all RDX systems	
Encryption	Software and hardware encryption capable	
Standard warranty	3 yr. OverlandCare Bronze Level	

Sales and support for Overland-Tandberg products and solutions are available in over 90 countries. Contact us today at sales@overlandtandberg.com

* Logical Volumes are available in fixed or removable mode.
** Total performance is media and operation mode dependent.

neoseries®

NEO Series solutions provide backup, archive and disaster recovery of your digital assets. Based on the industry-leading LTO tape drive technologies, NEO Series solutions improve business efficiency, eliminate costly downtime and deliver the lowest cost of ownership of any storage technology. NEO Series combines large storage capacities with easy-to-use, highly reliable, cost-efficient platforms that protect data from fire, flood, hardware failure, cyber attacks, viruses, human error and disgruntled employees.

Tape Automation	NEOs StorageLoader			NEOs T24			NEOxl 40		NEOxl 80	
Summary	Entry-level tape autoloader			Compact tape library			Mid-sized scalable tape library with high reliability		Mid-sized scalable tape library with high reliability	
Best fit	Small business or remote location			Small/medium business			Medium business with rapidly growing storage requirements		Medium business with rapidly growing, demanding data storage requirements	
Buy this product if you need...	moderate storage capacity but have very limited resources			large storage capacity but have limited budget			flexible, high-performance, high-capacity storage		flexible, high-performance, high capacity, highly available storage	
Slots	8			24			40 per module		80 per module	
Drives	1			1-2			1-3		1-6	
Form factor	1U Rackmount			2U Rackmount			3U Rackmount		6U Rackmount	
Reliability	2.0M MSBF			2.0M MSBF			3.0M MSBF		3.0M MSBF	
Redundant PSU	No			No			Yes		Yes	
LTFs support	Yes			Yes			Yes		Yes	
Scalability	No			No			Up to 280-slots		Up to 560-slots	
Warranty	3 yr. OverlandCare Bronze Level						1 yr. OverlandCare Silver Level
